From the Principal - Tim O'Brien

Welcome back! It was great to see all the boys filing back into the school on Monday morning. We thank all our parents for supporting the school in this time.

We understand that some families are facing particular hardship at this time – please contact the school if you require support.

As we return to some sense of normality at school we remind all parents that **no boy is to be at school if he is unwell.**

Over the next few weeks teachers will be looking to upskill students as quickly as possible now they are back for normal lessons. We do encourage all boys to communicate with their teachers if they are struggling.

The most important message of this newsletter is overwhelmingly a big WELCOME BACK to all our boys. It is wonderful that we seem to be returning to a semblance of normality and that all our students are now able to get on with their learning in a more traditional classroom context.

We would like to thank all our staff; teaching and non-teaching for their incredible hard work and dedication during the *Learning from Home* phase. This was a significant and very rapid shift that schools all around the world had to make and the work done by our staff at Epping Boys High School shows their dedication to students.

Also, a big 'thankyou' to Danny and the staff at Nando's Macquarie for their support of teachers at Epping Boys High School. Danny demonstrated his support for the hard work done by teachers and support staff throughout COVID-19 isolation by delivering staff at Epping a free lunch on 9th April as Term 1 came to an end.

Finally and importantly, with so many parents driving their children to school be aware there have been significant traffic issues in front of the school and in the carpark at Marsfield Park. We ask all our families to show consideration for others when they are driving and ensure they comply with speed limits and signage around the school. This is for the safety of all students. **No parents are permitted to drive onto school grounds.**

School Drop-off and Pick up Arrangements

Epping Boys High School is a very busy school, with more than 1300 boys entering and exiting the school at peak times before and after school. To keep your students safe, we all need to follow some simple rules.

While we encourage the boys to make their own way to and from school to encourage responsibility and self-sufficiency, we understand that it is not always possible. From time to time you may need to drop him off or pick him up from school.

If you are going to drop off or pick your son up before or after school please ensure you:

-  Do **NOT** drive into the school grounds
-  Do **NOT** stop in the Bus Zone
-  Do **NOT** stop in the No Stopping Zone

 Do drop your son past the school gate on Vimiera Road at a safe place. A popular and safe option for dropping and picking your son up from school is in the Car Park at Marsfield Park located opposite the school on Vimiera Road. Be aware of signage.

We recently sent out, by email, a copy of your son's Student Emergency Contact Detail Report for parents/carers to read through and update where necessary and return to the school front office.

It is extremely important that we have the most up to date information in case of an emergency.

If you have not yet returned the amended report, please do so as soon as possible so we are able to update and record your son's emergency contact details.

LOST PROPERTY

Please remember to label all of your son's belongings.

Lost property will be returned to students if they are labelled with their name.

Items in lost property that are not labelled and have not been claimed by the end of term will be donated to the 2nd Hand Clothing Pool.

9 ITM Emoji Competition Results

Year 9 Multimedia students have been very busy learning to use Adobe Illustrator. As a skill building exercise in Adobe Illustrator students were asked to create an original Emoji for a social media trend. In class we ran a competition to see who could use their skills to greatest impact.

RECYCLE YOUR BATTERIES @ EBHS

Batteries are made up of heavy metals and other toxic elements, including nickel, cadmium, alkaline, mercury, nickel metal hydride, and lead acid. It is these elements that can threaten our environment if not properly discarded and/or recycled.

A household battery recycle bin can now be found outside the science staff room.

Please take advantage of this service and help reduce toxic chemicals poisoning our environment by disposing of your household batteries in our recycle bin.

Recycle bins can also be found at Eden Gardens at North Ryde
